About us

Nastrotecnica

Nastrotecnica is an Italian company founded in

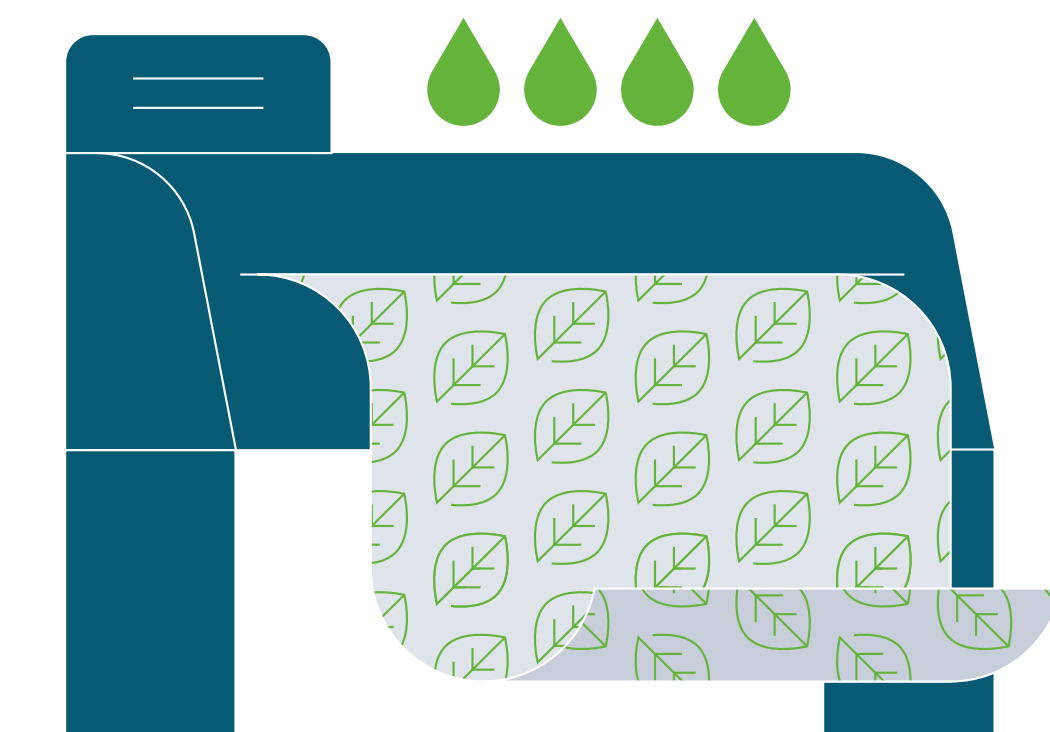

1987

in the province of Reggio Emilia.

The company was born together with a new printing technique invented at that time,

sublimation printing.

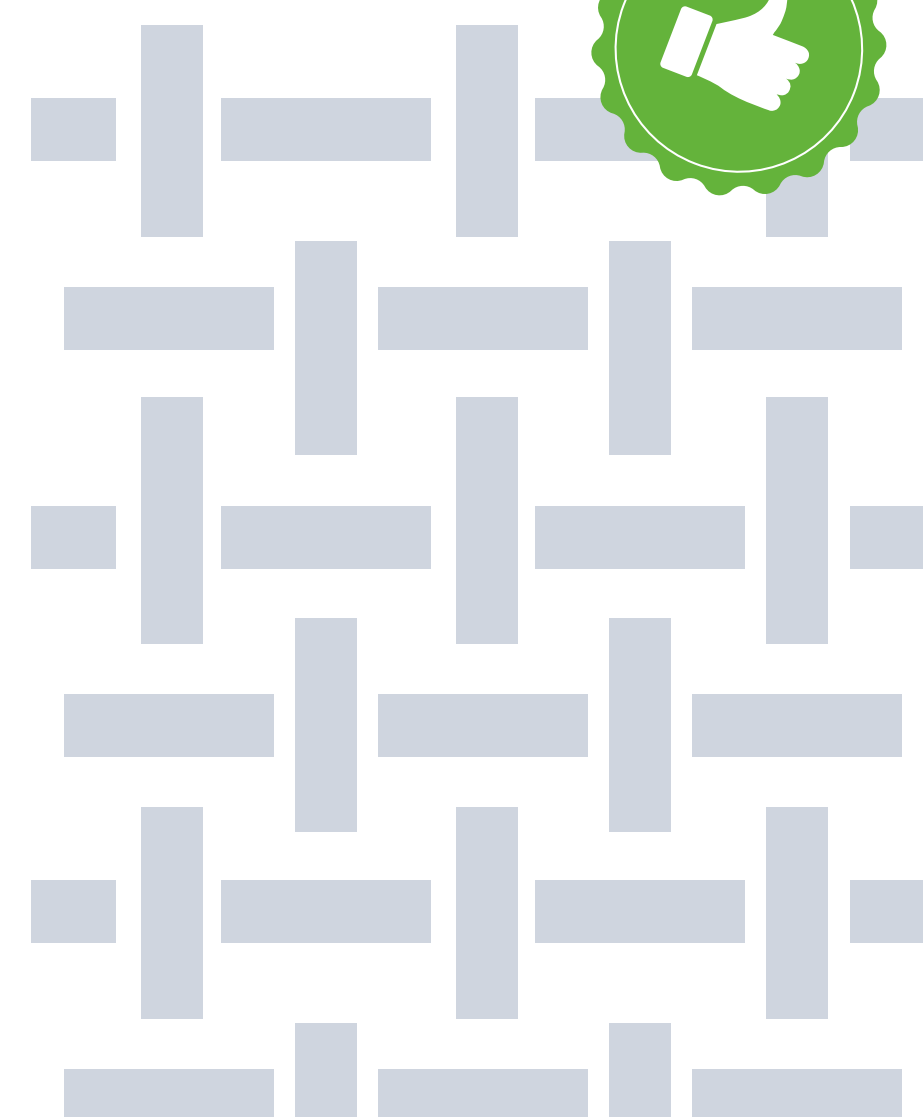

Nastrotecnica welcomes the experience and mentality of Italian craftsmanship to create

custom fabric gadget

ENSURING

ITALIAN MANUFACTURING QUALITY.

The company distinguishes itself from other competitive realities by being

a producer of its own products

by making them from the fabric itself.

The customization, therefore, begins from

- ✓ the **CHOICE OF THE FABRIC,**
- ✓ the **THE MODEL,**
- ✓ the **SIZE**
- and finally in the
✓ **STAMPA**

The vision and the mission

Nastrotecnica's vision is to create more and more **useful** and **effective gadget** following an

ECO-SUSTAINABLE ♥

workflow thanks to **sublimation printing**

THAT IS

water free

and absolutely

✓ **DEFINITIVE.**

! The **attention to the environment** and to your work is real and Nastrotecnica evaluates every aspect that can improve its **workflow, always evolving.**

Our vision has always been to create **quality** and **durable items.**

Nastrotecnica

- ✓ uses **NON-TOXIC CERTIFIED INKS**
- ✓ uses **PHOTOVOLTAIC PANELS** to use renewable energy
- ✓ **DO NOT WASTE** waste of production, reusing them
- ✓ uses **FABRICS** originating from **RECYCLED PLASTICS** and biodegradable and compostable packaging

Our history and the roots to the territory

Nastrotecnica was born as a

**printing company sublimating
tapes for third parties**

HENCE THE NAME

Nastrotecnica

After a first period doing this work, the company
begins to produce

LANYARDS.

This new gadget is in great demand for many types
of events and Nastrotecnica **becomes one of the
leading manufacturers in Italy.**

Years go by and after a few attempts with various gadgets after

THE BREAKTHROUGH

WITH THE DISCOVERY OF

POLYESTER MICROFIBER

we face a new world, full of possibilities and creation. Hence
the company specializes in creating custom gadgets on
fabric, focusing their Italian **craftsmanship experience** in **well-
structured, quality and durable items.**

2010

**NASTROTECNICA IN ITALY REPRESENTS A VERY
IMPORTANT REALITIES FOR THE PROMOTIONAL
AND MERCHANDISING MARKET.**

Even abroad, particularly **in Europe, have discovered and
continue to request items produced by Nastrotecnica** for their
reliability and out of the ordinary customization.

What we do

Core business

Nastrotecnica began its history as

**expert of printing
on ribbons**

Nastrotecnica began its history and then passed in recent times to new materials, such as **different types of**

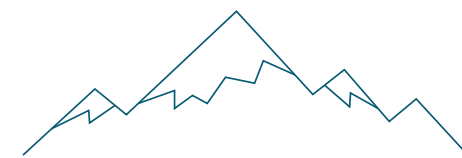

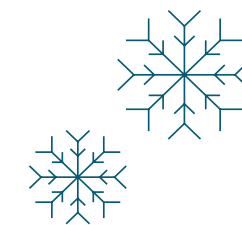

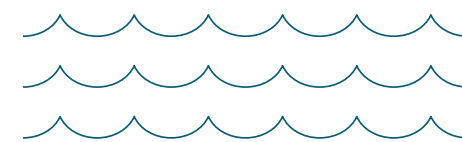

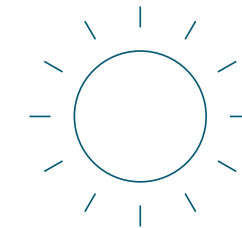

MICROFIBER

summer

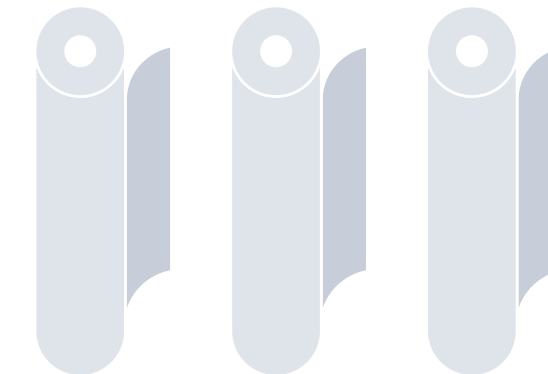

AND

winter

coarse woven fabrics to create more structured items.

Most of the current availability of materials is:

comes from recycled plastics, thanks to a common denominator:

Sublimation printing works only on polyester, **a very versatile synthetic fiber** and above all:

✓ **RECYCLABLE**

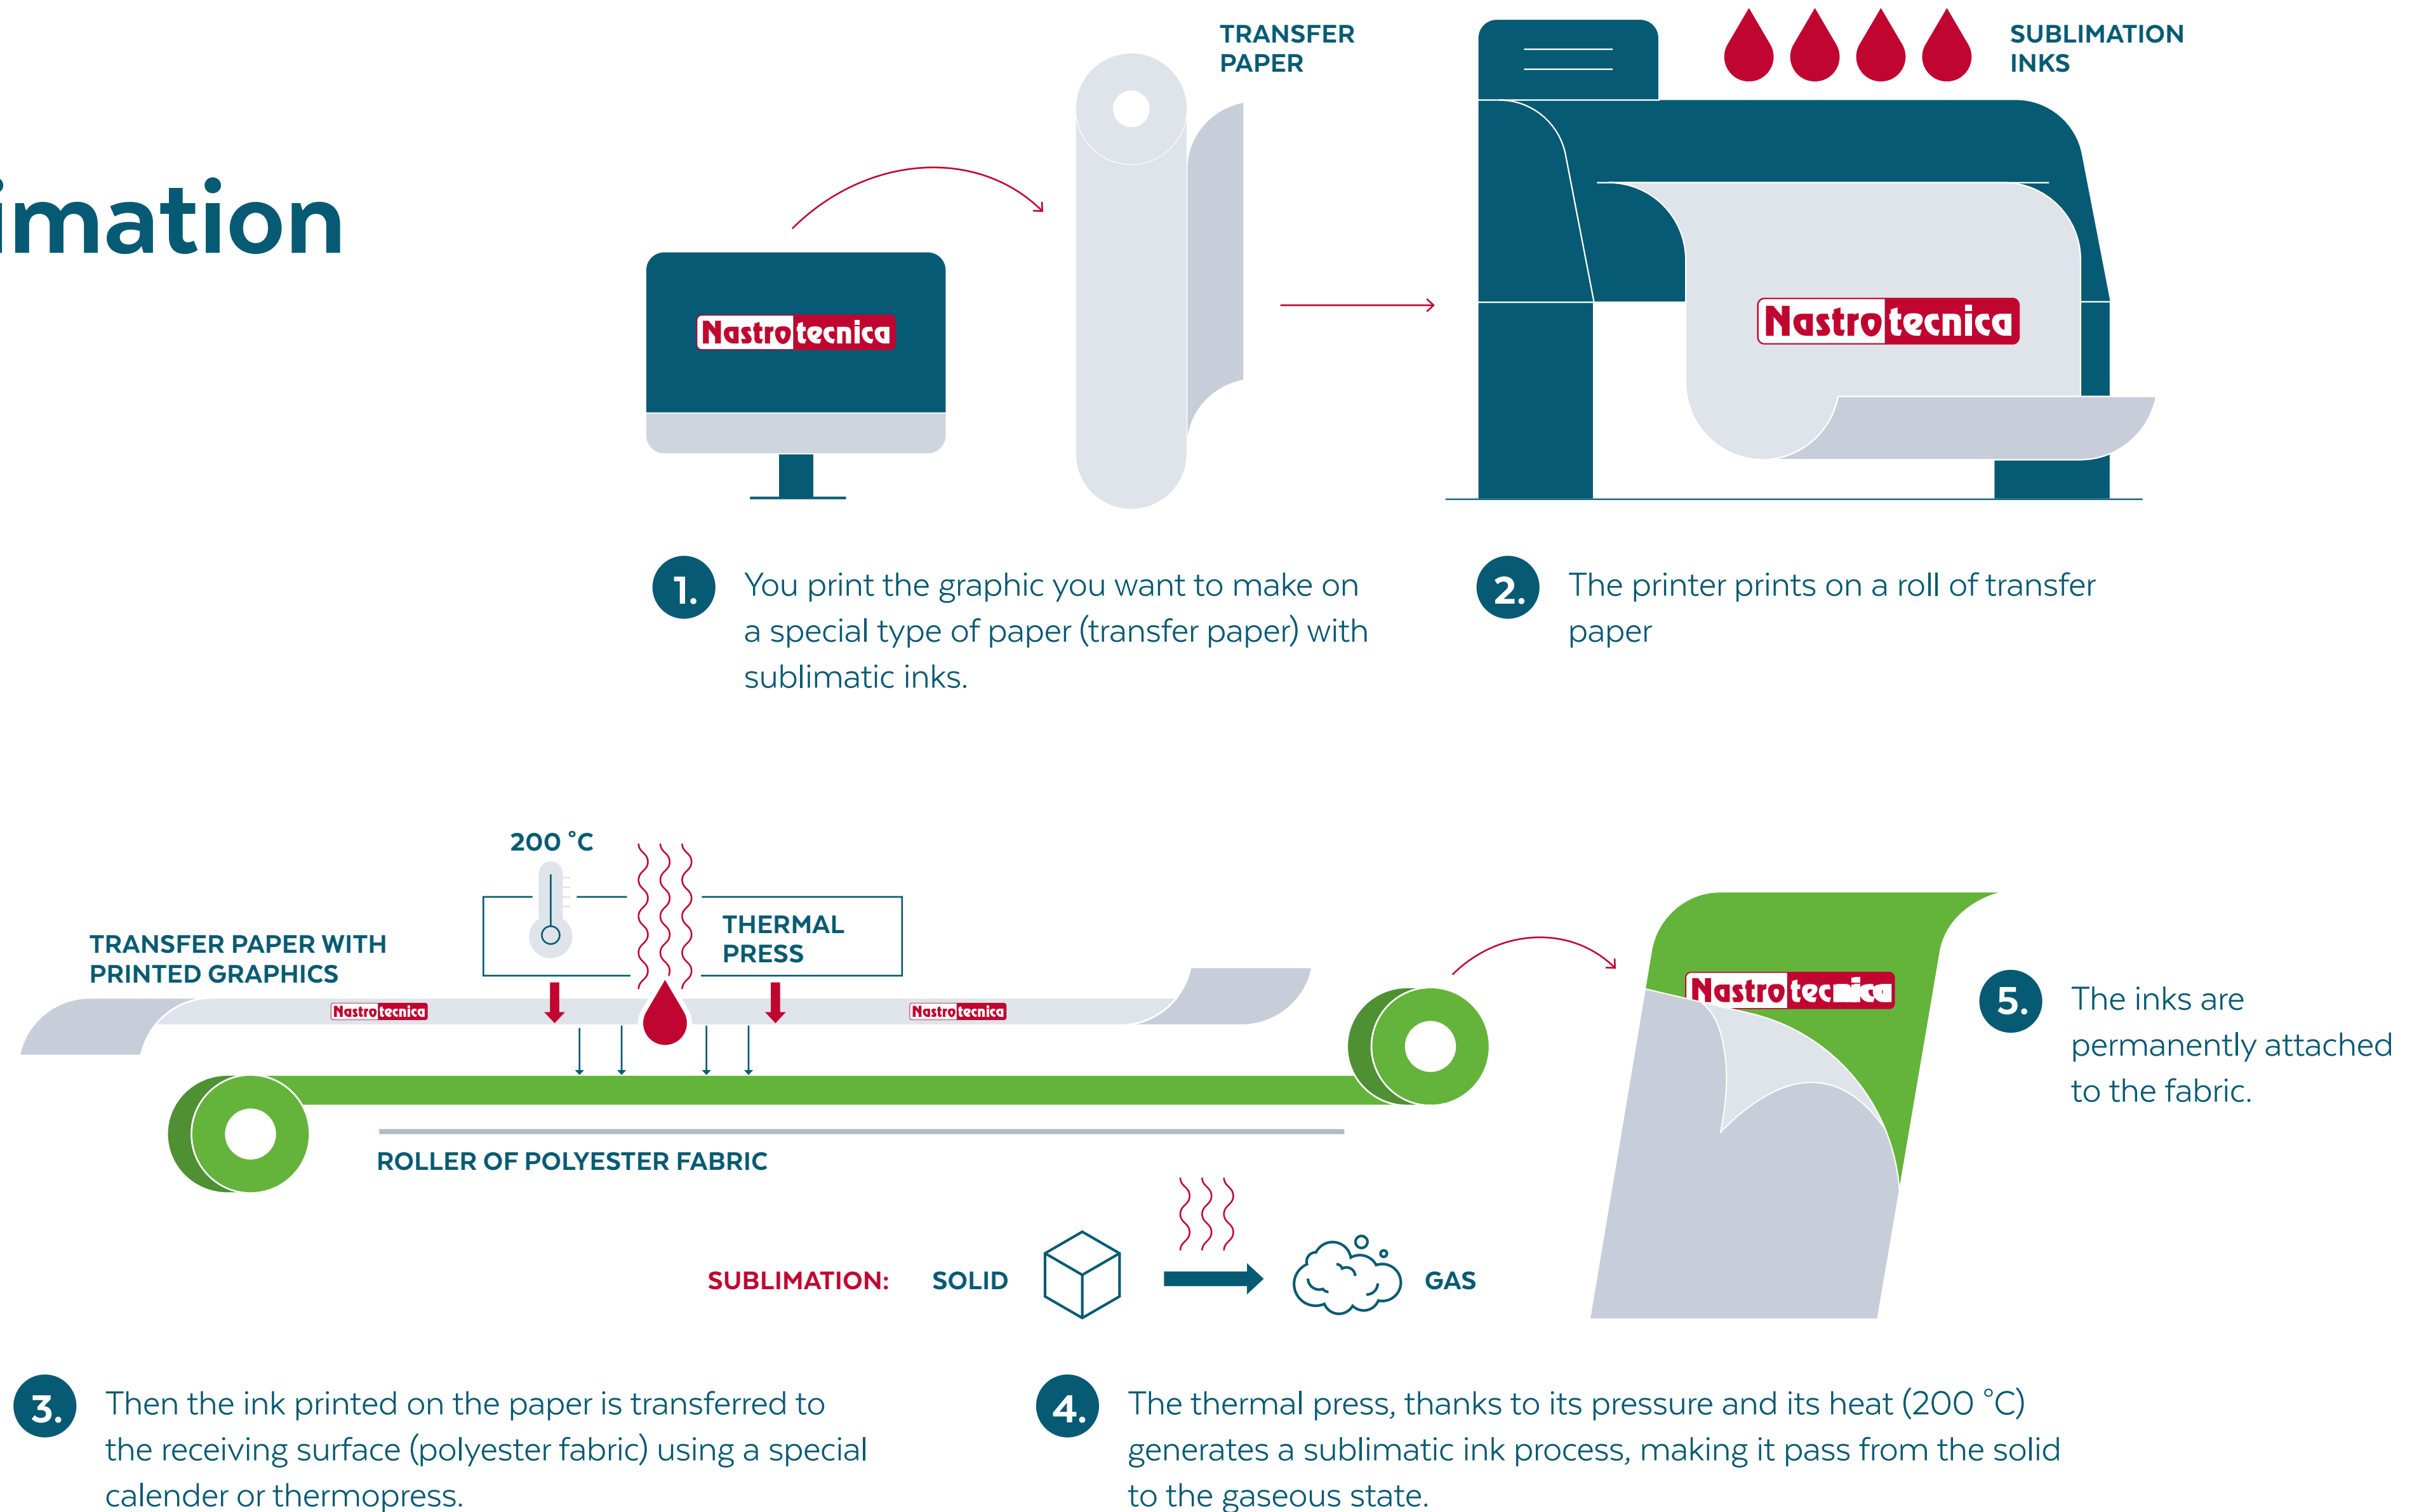

✓ **REUSABLE
INDEFINITELY**

Thus avoids energy waste and useless waste.

The sublimation printing

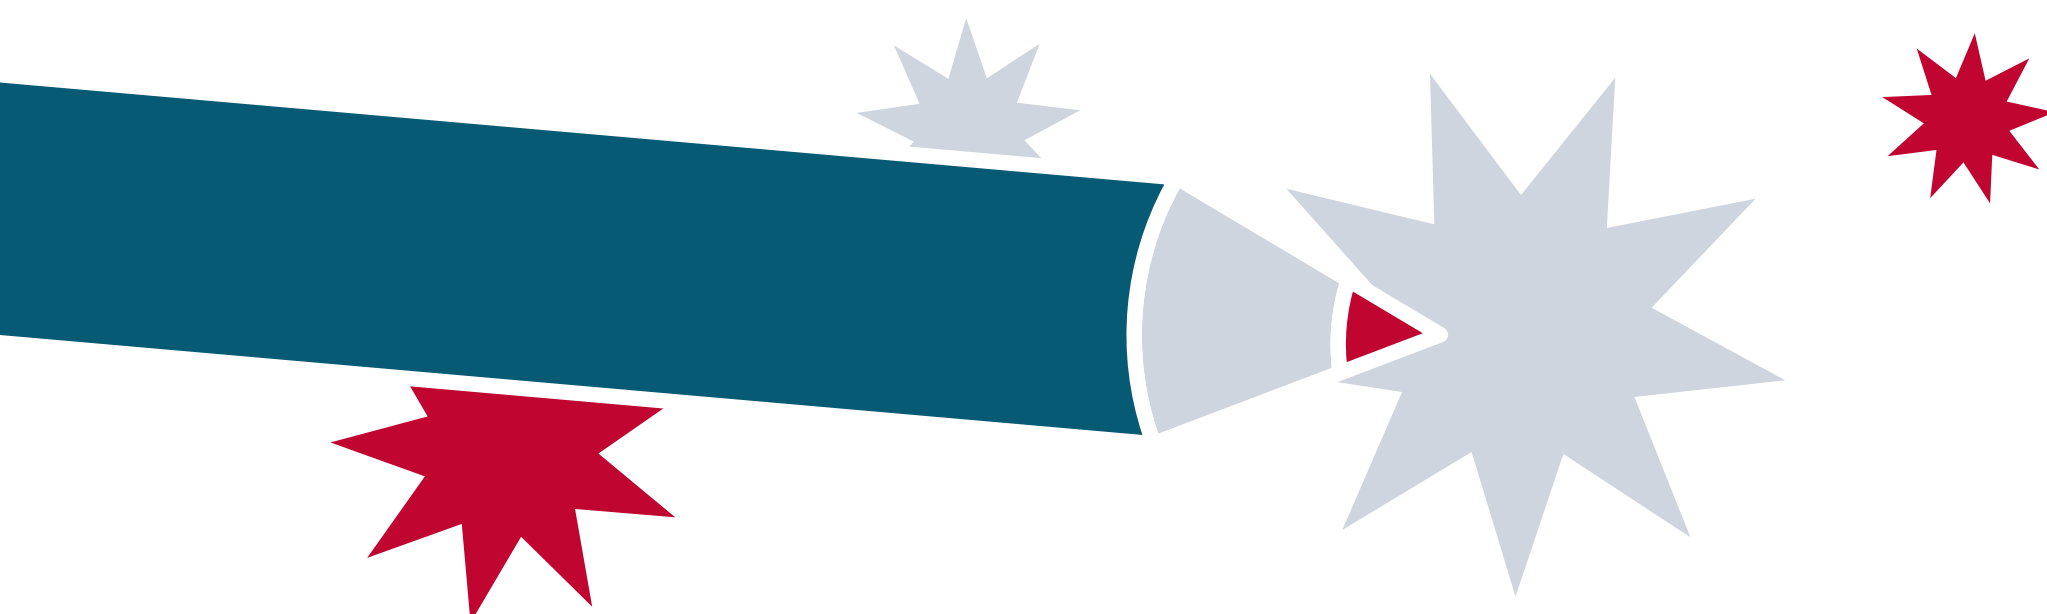

How it works?

How we do

Nastro tecnica works in

the total personalization of the gadget

BEING PRODUCER

Therefore an article can also be constructed from scratch.

Experts for decades in sublimation printing,
the only definitive print on fabric.

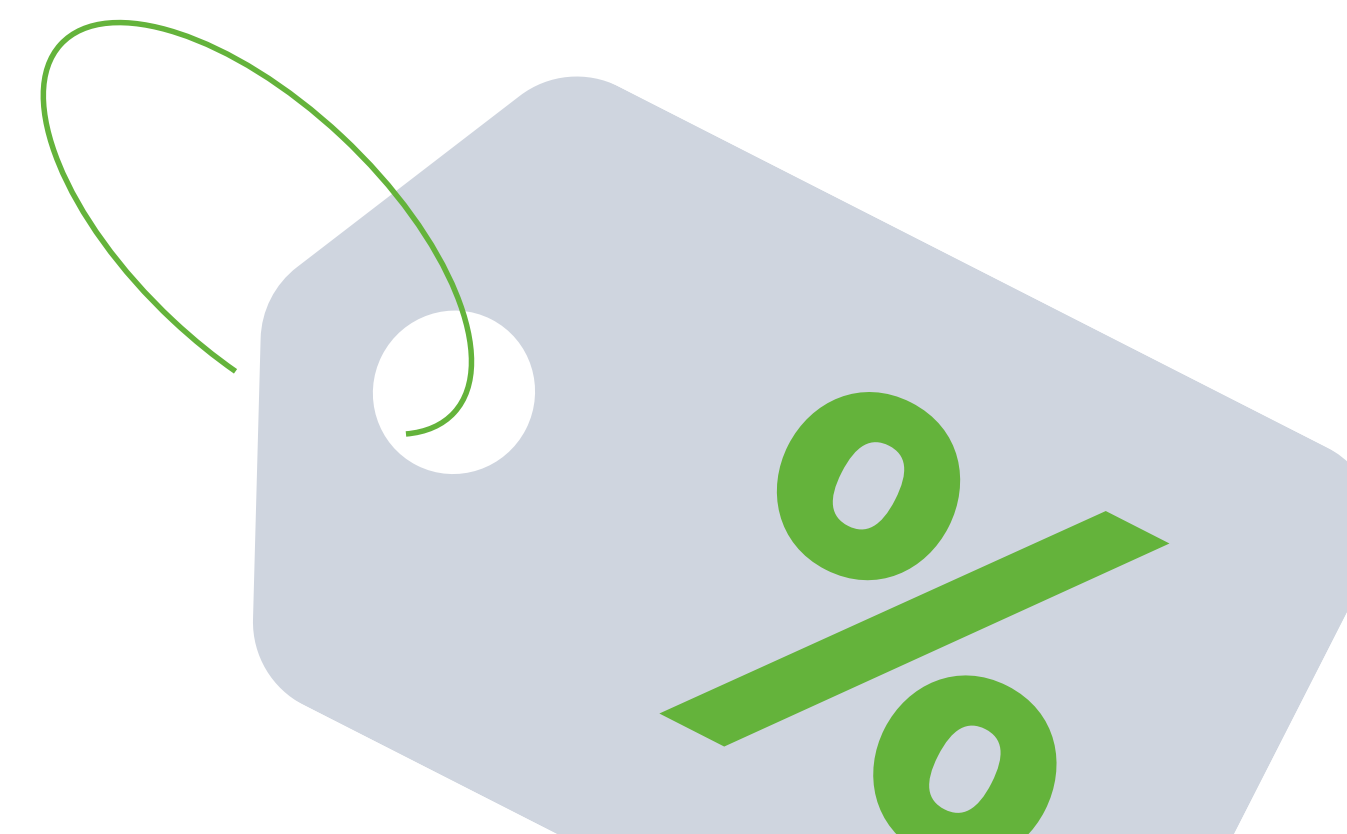

The articles of Nastrotecnica are aimed at:

- ✓ **COMMUNICATION PROFESSIONALS**
- ✓ **PROMOTIONAL AREAS**
- ✓ **FAIR EVENTS**
- ✓ **MARKETING AGENCIES AND COMMUNICATION**
- ✓ **SHOPS, E-COMMERCE**
- ✓ **AND MUCH MORE...**

Over the years the quality and structure of the **increasingly refined products** has attracted people from many different markets, but all with one reason:

THE QUALITY GADGETS, RELIABLE AND MADE IN ITALY.
